

How to find books, eBooks & journals in Metasearch

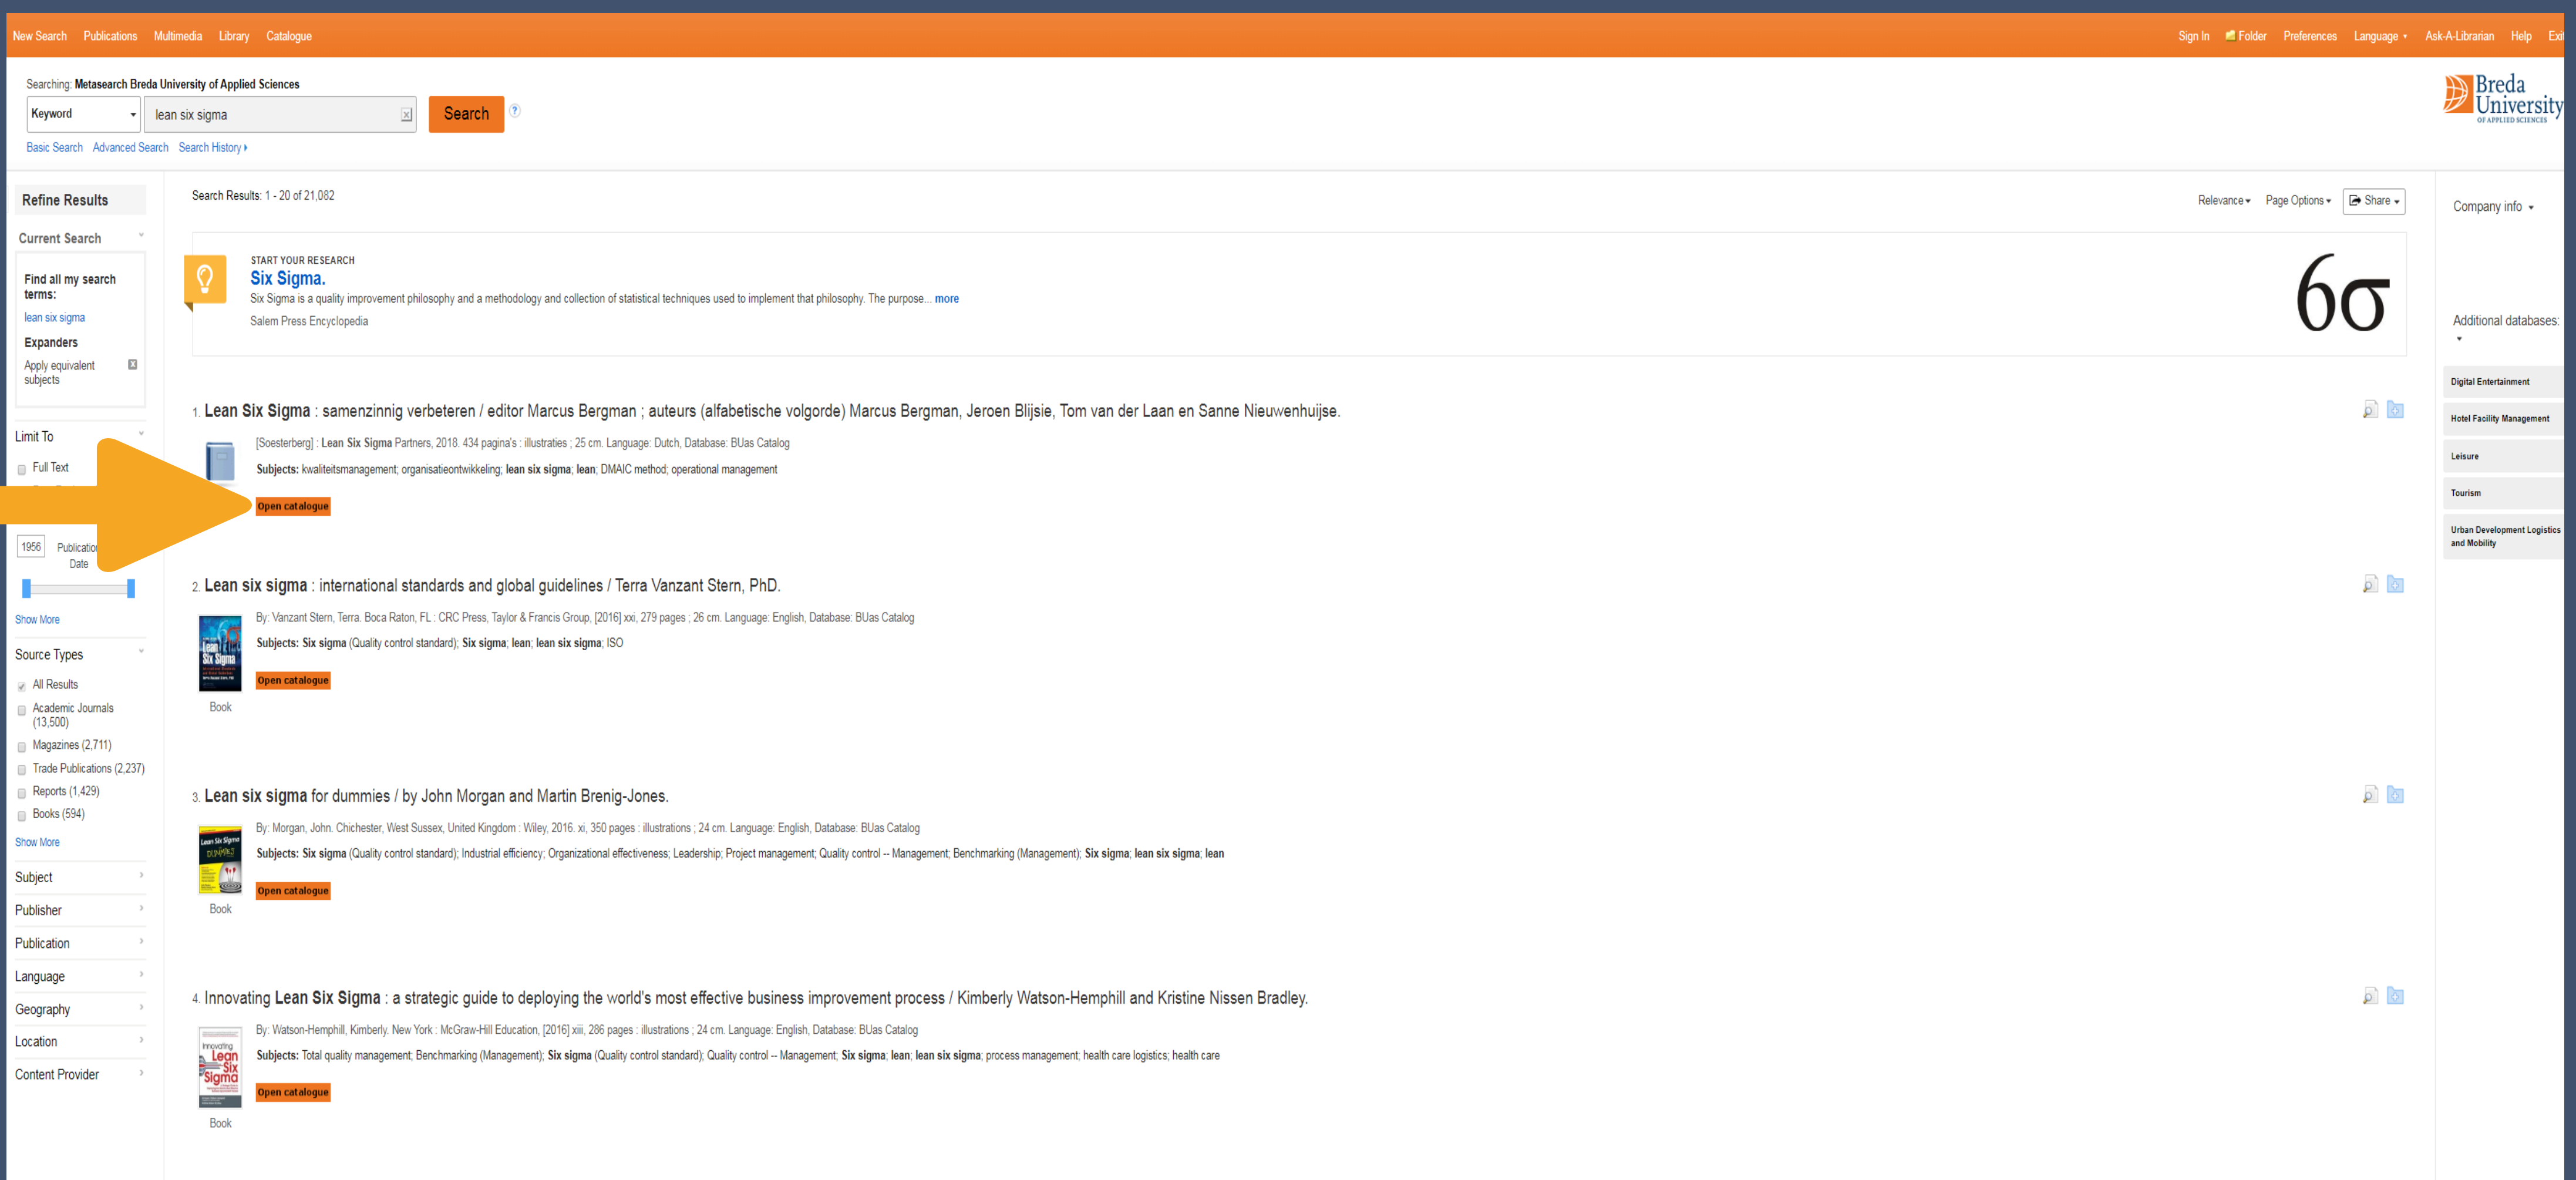

1 Books, eBooks and journals can be found in the Library Metasearch

- Go to www.buas.nl/library
- Choose your 'domain'
- Choose 'Metasearch'
- Enter your search terms

2 Have you found the book title? Check to see availability!

- Click on open catalogue or find fulltext. Need help with this? Ask a librarian!
- If the book is available as an Ebook a link will be included with the title description in the catalogue

The screenshot shows the Breda University Metasearch interface. The search bar contains the text 'lean six sigma'. The search results are displayed in a list format. The first result is 'Lean Six Sigma : samenzinning verbeteren / editor Marcus Bergman ; auteurs (alfabetische volgorde) Marcus Bergman, Jeroen Blijse, Tom van der Laan en Sanne Nieuwenhuijse.' Below the title, there is a small book icon and a link labeled 'Open catalogue'. A yellow arrow points to this link. The interface also includes a 'Refine Results' sidebar on the left and a 'Breda University' logo in the top right corner.
